

UNIDO, Vienna

# Overview on Tools

Material for the Workshop

9 June 2006

## Elements of a Chemical Leasing Toolkit

1. CL Database
2. CL Cost benefit Analysis
3. CL Implementation Plan
4. Checking Procedure for CP Projects
5. Elements of CL contracts
6. Guide lines to identify and convince appropriate partners for CL
7. Cooperation agreement with CPC
8. Pool of presentation material
9. International working group (Homepage)

# Structure of the Homepage CHEMICAL LEASING

# Structure of the Homepage CHEMICAL LEASING

## Int. Activities (Pilot Countries)

- Austria
- Mexico
- Egypt
- Russia

## Pilot Projects

- Solvents use for Cleaning
- Metals use for Galvanising
- Detergents, active carbon use for Water Purification
- Lubricants use for Sugar Production
- Glues use for Labelling
- Powder Coating
- Slug Makers for Aluminium Production

## Int. Working Group

- Members
- Intention
- Meeting Reports
- Information Exchange Forum
- Definition Chemical Leasing

## Background Information

- Concept of Chemical Leasing
- Chemical Leasing and Cleaner Production
- Added Value for Participants
- Use as a Political Instrument
- Chemical Leasing and SAICM
- Chemical Leasing and REACH
- Chemical Leasing and Classical Leasing
- Chemical Leasing and CMS
- Chemical Leasing and Certification
